Volume 7, No. 41

Wednesday, October 11th, 1989

Eight candidates for hospital board seats

Eight candidates are in the running for four seats on the Elk Point Municipal Hospital Board, as voters in Elk Point and surrounding areas go to the polls next Monday, October 16. Ward 2 has George Sanders running against incumbent Marvin Bjornstad, Doug Millar and John Wozniak Jr. are contesting the Ward 3 seat formerly held by the late Walter Pilisko, Craig Campbell is taking on Ward 4 incumbent Mike Kadutski, and Orest Capjack is going against Ward 7 incumbent John D. Williams.

To help voters to make their choice, the Review offers a brief rundown on each of the candidates.

Ward 2

MARVIN BJORNSTAD:

Marvin Bjornstad was raised in the Elk Point area, and is now employed by Lakeland College as an instructor at their Fort Kent campus. Bjornstad is married and has two daughters.

After one term on the Elk Point Hospital Board, Bjornstad sees the job of a Hospital Board member to be one of finding out the needs of the community are and to work through the administrator to see that these needs are served as well as is possible.

Issues to be addressed include encouraging the recruitment of more doctors, planning for the new nursing home wing with input from the community and staff, increasing the emphasis on teamwork, making the hospi-

tal facilities and resources more available to the whole community in the promotion of the idea of wellness, and continuing to strongly emphasize the maintenance of quality assurance, which Bjornstad notes is the key to hospital accreditation.

Bjornstad notes that in the past he has 'tried to be responsive to what he has heard from the public, and have felt free to express my point of view' along with dealing with the needs of the community.

GEORGE SANDERS

George Sanders was born and raised in the Heinsburg area, took his high school education at Camrose Lutheran College, and graduated from Vermilion College in 1966 after completing the Agricultural Mechanics program. He is married and has two daughters and a son. His farming career has been enlivened by an exchange program visit to Denmark, where he met his wife, and involvement with the International Agricultural Exchange Program and the Alberta Agricultural Host Family Association.

He feels that as a newcomer to the Hospital Board, it would be most beneficial to 'go in totally neutral and listen, find out what the facts are, then make judgement on the facts.'

Sanders bases his decision to run for Hospital Board on the fact that 'the community has served me well, from Marwayne to Elk Point. Now it's my turn to do something for the community.'

Ward 3

DOUG MILLAR

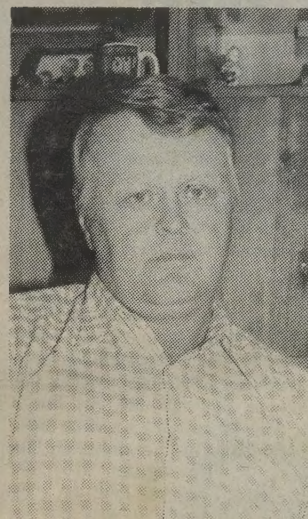

Doug Millar has been a resident of the Elk Point area since 1981. He and his wife have one daughter and are expecting a second child. The Millar's farming operation includes a fish farm, which now includes hatching as well as rearing facilities.

Millar feels the job of a Hospital Board member is to help dictate policy and direction for the hospital and future nursing home as we move into the 1990s. The Board is 'not tied up with the day-to-day running of the hospital, but is there to insure that the quality of health care

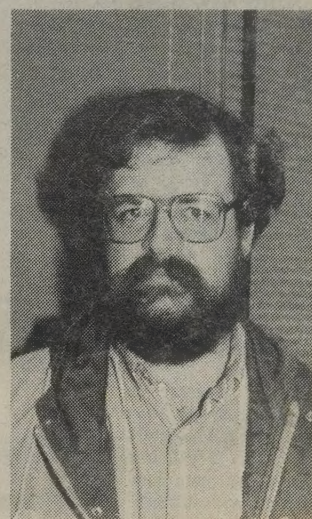

Cont. on Page 2

Elk Point has grown to expect is maintained and improved if possible.'

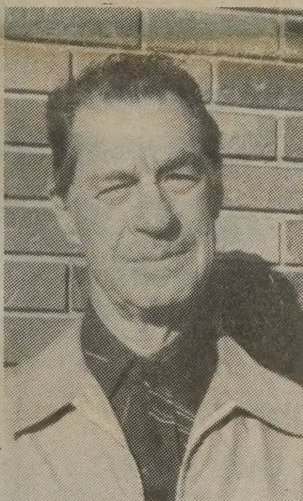

Issues to be addressed include giving strong direction to planning for the addition of

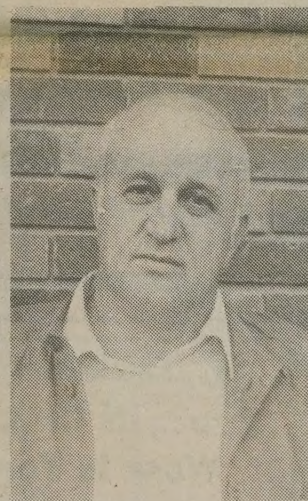

George Sanders

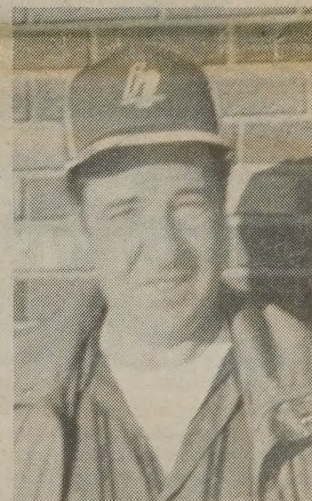

Marvin Bjornstad

John Williams

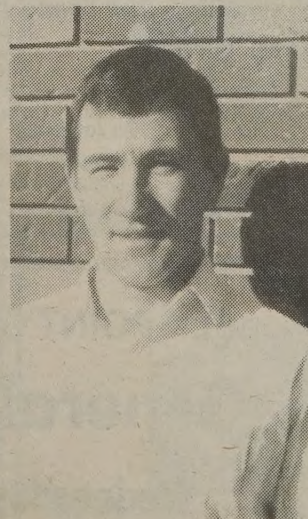

Orest Capjack

Craig Campbell

Doug Millar

John Wozniak

No show for Chamber

Elk Point Chamber of Commerce was four members short of a quorum for last Wednesday's regular meeting, therefore no business could be done. Among those not on hand were the two candidates for Elk Point's Hospital Board seat, who had been invited to address the Cham-

ber, but who were both unable to attend the meeting.

The Chamber's next meeting will be Wednesday, October 18, and will have a full agenda to be dealt with. All members and interested individuals please attend. The Chamber needs YOUR input!

Meet the teachers

Don't forget that tonight is Meet The Teachers Night at F. G. Miller High School. The evening will start at 7:00 p.m. with a brief Parent Teacher Association meeting, after which parents will disperse to the classrooms, following their child's timetable, to meet the teachers and to find out what the school year holds in store in each subject area. Parents, don't miss this interesting and informative session!

The Elk Point & District Agricultural Society (Ice Time) Allotment Meeting

THURSDAY, OCTOBER 12, 1989 - 8:00 p.m. - A.G. Ross Arena

All interested users and groups please attend. For further information phone 724-3770

Hospital board election

Cont. from Front Page
the nursing home wing, but Millar notes that 'until you get the job you don't really know for sure what needs to be done.'

His experience in working with multimillion dollar budgets in both the public and private sector and as an area representative on provincial and regional boards will be helpful if he is elected, Millar feels. He also has worked with the government 'and understand the time scale involved in working with them.' Millar has set up his life and family here and 'I think I have a good idea of what the medical needs of the area will be into the 1990s, as the area comes up in age and population.'

JOHN WOZNAK JR.

John Wozniak Jr. was born and raised in the area, and spent all of his 24 years here, graduating from F. G. Miller High School before taking up his farming career.

He hopes to be a 'strong representative of the people, and try to get their views and points across' to the Hospital Board. One concern Wozniak has heard from area residents during his campaign is that many feel that social services and health services are being cut, while considerable government funding goes to recreation. He also feels he would encourage the addition of more doctors to the hospital staff.

Wozniak is 'young, eager and hoping to get more involved with the community,' and feels that serving on the Hospital Board would be a good way to help his fellow residents.

Ward 4

CRAIG CAMPBELL

Craig Campbell has been a resident of the Elk Point district since 1976, is married and has 3 children.

He feels the job of a Hospital Board member is to 'supervise and assist in the smooth operation of medical facilities in the Elk Point area, to the best interest of the local residents.' He would bring the concerns of Ward 4 electors which need to be addressed, to the Board and see that they are considered.

Experience in managing his own business for 10 years prior to the commencement of his farming operation, and his work in the oilfield around Elk Point would assist Campbell in making 'an honest and sincere representation' of the people of the Ward.

MIKE KADUTSKI

Mike Kadutski is the Ward 4 incumbent, and was returned to his seat in the 1986 election by acclamation. Kadutski feels he is well known in the area as a worthy representative on the Hospital Board and declined a further interview for this issue.

Ward 7

OREST CAPJACK

Orest Capjack was born, raised and educated in the Elk Point area, and has been married for 22 years to the former Connie Slywka. The couple has 3 children. Capjack has been employed by Canadian Salt for 27 years.

The 'sole purpose' of a Hospital Board member is to insure the highest standard of hospital care for the people of Elk Point and district. Capjack feels, adding that the Board should 'work in harmony.'

He 'lacks experience' in knowing what the issues currently facing the Board are, but is 'willing to learn quickly' and feels he would soon have a knowledge of the duties of a Board member.

Capjack felt it was 'my responsibility to show an interest in the election' for a Hospital Board representative, because 'if interest continues to decline, positions will be filled by appointment and that will put an end to the democratic process.'

JOHN D. WILLIAMS

John Williams is the Ward 7 incumbent, and was returned to his seat in the 1986 election by acclamation. Williams is

retired, and he and his wife are long time residents of Elk Point.

Williams has been involved in 'numerous and complicated' hospital projects, including the approval of the nursing home wing, a three year accreditation, purchase of a handi-van and upgrading the hospital's ventilation system. He has helped to deal with budget cuts, to implement a long-term service award and a retirement policy, and to adopt and revise a code of conduct for Board members.

Williams has 'the time, the experience and the knowledge' to continue working with the Hospital Board 'for the betterment of our community.'

DATED at the TOWN OF ST. PAUL in the Province of Alberta, this 6th day of October A.D. 1989.

RUSS KOWTUN,
RETURNING OFFICER

Local Authorities Election Act Qualifications of Elector

Eligibility to Vote:

A person is eligible to vote in an election if he/she:

- a) is at least 18 years old
- b) is a Canadian citizen, and
- c) has resided in Alberta for 6 consecutive months immediately preceding election day and is a resident in the local jurisdiction on election day.

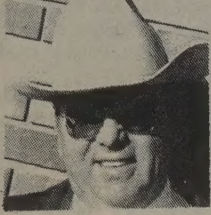

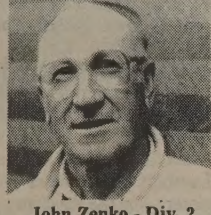

Unless another enactment requires him to be a proprietary elector. Subject to Section 47 and Sections 75, 79 and 81, an elector is eligible to vote only at the voting station for the voting subdivision in which he resides.

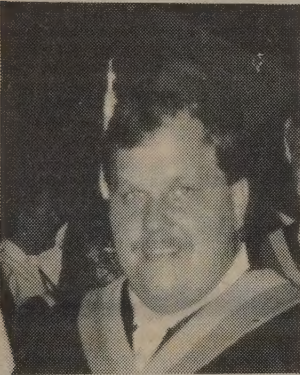

RULES OF RESIDENCE:

A place of residence is governed by the following rules:

- (a) the residence of a person is the true, fixed, permanent home or lodging place to which when he is absent, he has the intention of returning;
- (b) a person does not lose his residence by leaving his home for a temporary purpose;
- (c) if a person leaves the jurisdiction with the intention of making his residence elsewhere, he loses his residence within the area;
- (d) the place where a person's family resides is deemed to be his place of residence unless he takes up or continues his abode in some other place with the intention of remaining there;
- (e) the residence of a single person is the place where he occupies a room as a regular lodger or to which he habitually returns not having any other permanent lodging place;
- (f) a person is deemed not to have a residence in more than 1 place and if he maintains residences within the boundaries of more than 1 ward, local jurisdiction, or voting subdivision he must declare 1 as his residence.

A person who declares that he is a separate school supporter is deemed to be a resident of the separate school district in which he resides, and a declared public school supporter is deemed to be a resident of the public school district in which he resides.

County of St. Paul Municipal Election Candidates	Personal History	What is the respon- sibility of a county councillor?	What issues do you wish to see ad- dressed?	Why should ratepay- ers in your division vote for you?
 Gordon Kuhn - Div. 2	-Married with two daughters, gra- duates of F.G. Miller High School. -Raised on a farm in Leduc area. -Moved to Elk Point in 1973. -Farming in area since 1976. -UFA delegate. -Chairman of United Church Board. -Instructor for Conservation Edu- cation Program. -Completed two rural leadership training seminars. -In the past, I've served on the St. Paul Feeder Association, Rural Crime Watch and Co-op Implements.	The first responsibility is to make sure county business is the first pri- ority. Councillors participate in financial management. As a school board mem- ber, you are involved in school budgets and operation of the schools. Also coun- cillors make policy decisions. The im- portant one is to make sure concerns of Division 2 are met.	There is no really big issue concern- ing ratepayers of Division 2 right now. It's important that the county continues to meet the concerns of the ratepayers. Things have been running really smoothly the past few years.	I feel I have valuable experience in decision making and working with peo- ple. I am a healthy and energetic per- son. I believe I have the time and com- mitment to fulfill the position.
 Franklin Wolters - Div. 2	-Was a mixed farmer most of my life in the Vermilion area and served as a county councillor in that area. -Moved to St. Paul County in 1984. -Currently operating a successful trucking business. -Involved with the United Church in Elk Point. -Licenced pilot. -Active in community affairs.	Representing the constituents is first and foremost; putting their views for- ward to council. A councillor must make decisions based on what their people tell them. Overseeing public works is another responsibility. And, sorting out the good from the bad.	There is a lot of work to be done in the schools; they are the priority. There are a lot of people concerned about the schools. There's always room for im- provements in roads and recreation de- velopment.	I'm a very personable person. I like to work with people. I can listen to peo- ple and relate what they're thinking. I'm a visual person. I don't mind being in front of a crowd. Things are accom- plished by being able to put your views forward in front of people. Expressing yourself well is important. I have that ability. I've lived in this county for six years, people have seen me in action. I've worked hard to operate a success- ful business. People know what kind of person I am.
 John Zenko - Div. 2	-Former county councillor, elected in 1974 and served for 12 years. -Farmed and ranched in Elk Point area most of my life. -Was involved in numerous commu- nity activities including Armistice Community Hall, Elks and Curling Club, to name a few. -Enjoy activities which involved con- tact with people. -Semi-retired in 1986. -Looking forward to spending time doing a job I enjoy and one which bene- fits the community.	He must understand the need and concerns of the people in the commu- nity through communication with the ratepayers. Most people are aware of the councillor's involvement with the maintenance and building of roads and overseeing of education in the County. The councillor must be able to make re- sponsible and knowledgeable decisions involving the spending of tax and grant dollars. In addition to the priorities of roads and schools, the councillor makes decisions involving many committees	In 1985, planning was initiated to complete the paving of 646 from Elk Point to Lafond. I would like to see this project completed. As well as this project, I'd like to initiate an intensive construction and maintenance pro- gram. Our schools are presently seeing some modernization. These projects need to be completed to fit the students' needs of today. I would also like to see increased communication between the board, school and ratepayers. Many is- sues too numerous to mention are ad- dressed by council at each meeting.	I've worked hard for the ratepayers of Division 2 for many years. I've al- ways enjoyed this privilege and I take this responsibility seriously. I have the time required to fulfill the commit- ments of this position and the experi- ence necessary to do this position jus- tice. I feel I am an approachable and open-minded individual who is sensitive to the needs and concerns of the rate- payers. By electing me, the ratepayers can be confident that I will be able to meet the requirements of the job immediately.

Wruth earns scholarship

Former Elk Point resident Terry Wruth has been awarded the Certified Management Accountant Scholarship, valued at \$1500, in recognition of his achievements at Lakeland College.

Wruth is the son of Lea and Mabel Wruth of Elk Point, and graduated from F. G. Miller High School in 1977.

The Society of Management Accountants of Alberta awards up to ten such scholarships annually to current year graduates of diploma or degree programs in Alberta who are persuing further study toward the Certified Management Accountant (CMA) designation.

The scholarship recognizes academic excellence, leadership capabilities and the desire to achieve accreditation as a CMA.

Wruth graduated from Lakeland College this year with a diploma in Business Administration, Accounting major. He is currently attending NAIT in Edmonton, persuing fourth and fifth level studies toward the CMA designation.

Another Lakeland College 1989 graduate, Velma Terry of Fort McMurray, was also awarded the CMA Scholarship.

Editorial

Don't get burned

Thanksgiving Day evening at 6:00 p.m., those Albertans with their televisions tuned to certain channels were roused from their after-turkey torpor by a message urging all members of every household to evacuate their premises immediately in a vast, province wide fire drill.

How many people do you suppose actually pulled themselves out of easy chairs or off the sofa, or stopped putting away leftovers, or took their hands out of the dishwasher to shepherd their family outside and count noses at a safe distance from the supposedly burning building?

Probably not many.

It's the old adage of not fixing the roof because it doesn't leak when it's not raining. Who cares about how fast you can get out of the house? It's bad enough when they have fire drills at school, and you have to rush out without your coat on, and get your gym shoes muddy, and stand shivering in your indoor clothes while the teacher calls the roll. Who would want to repeat that exercise at home, just for the heck of it?

Probably you wouldn't, any more than we would.

But maybe we should.

It might be helpful to know how

fast you can get out your bedroom window if you wake up some night and find your way to the outside door blocked by smoke or flames, or to know that your kids could and would find their own way out of the house to get help if you were trapped in the kitchen by a spreading grease fire. You might want to know that they could escape safely from their second floor or basement rooms if someone on the main floor fell asleep on the sofa with a lit cigarette, or if that frayed lamp cord ignited the carpet. And what if one of the kids found your matches and dropped a lit one on the stack of newspapers you set in the back entry to take out to the garbage?

Those things aren't supposed to happen, right? People know better these days than to leave pots of grease on the burner, to go to sleep with a cigarette, to use appliances with frayed cords, to leave matches where small kids can play with them. Sure, they do, but these hazards and others cause vast amounts of property damage and take countless lives each year...because people forget to avoid them, and because they don't take the time to plan an emergency escape route.

A fire drill takes only a few minutes. A fire could take the rest of your life, in just seconds.

BE CAREFUL WITH FIRE!

"Ethel and the Shameless Hussies" posed for me (and with me - but that was on Eddy's film) as we shared a line-up in the Cafe in Hutchinson.

I. Magnusson

Alberta Trails - Part Two

Visit to Kansas

By Irene Magnusson

Our first full day in Wichita, the largest city in Kansas, was filled with sightseeing and a few errands, such as buying more film. Eddy was off to work at an early hour. He is a design engineer at the Beechcraft factory (or plant) where he designs the 'skins' of aircraft. We are to get a guided tour of the plant later, he says, as this is only allowed on Saturdays, when only a few staff are working.

Shirley invites us to walk to the shopping centre nearby, to loosen our muscles and view the neighborhood. Heavily foliaged trees, not extra tall, but wide-spreading, line the streets, affording welcome shelter from the light rain. We had arrived at the tail end of a few weeks of coolish, rainy weather, the evidence showing in pools and streams in the ditches. Fortunately for us the sun came out, and after the first day, we had warm sunny weather for the rest of our stay.

Later, we went driving, keeping our eyes peeled for yard sale signs. We found three, plus a 'thrift' store, visiting them all briefly. I found a small jug for my collection, a couple of books, one with old songs, and had the fun of looking. We drove all around the Beechcraft plant, which is very large, with different buildings and several runways, also a park, with small lakes and geese, golf course and tennis courts, all maintained by the company for their staff. High wire fences keep anyone from restricted areas. Shirley then toured us around a new dwelling development, a wide-swinging arc of street, lined with large, lovely homes, some still being built, others finished. The predominant finish seemed to be brick, in various shades, and these homes were elaborate, with wide spacing between. A small park or playground among them had a pond, and a contrived waterfall.

Wichita is a sprawling city, bisected north to south by the Arkansas River. Eddy's home is in the north-east area, only a couple of miles from the plant where he works. Besides the river, they find ample water for the city's use from wells drilled deep underground. It is a city of aircraft, with Beechcraft, who build smaller 'executive-type' planes, among others, on one corner, the huge Boeing Plant, which builds large passenger planes, such as the Deltas we flew in on another corner, while McConnel

Air Force Base and the Wichita Mid-Continent Airport occupy the other two corners. Criss-crossed with several major highways, the Kansas Turnpike swerves along the southeast edge. This is a thoroughway, where you get a ticket when you enter, and pay your toll when you exit-and not too many exits along the way. It is about like our No. 2, Edmonton to Calgary, and traffic is fast and heavy.

There are tall buildings, but not excessively so, the University, hospitals, parks, shops-all the usual things of a city, everywhere adorned with wide green shade trees.

Eddy had saved a few days of his holiday to spend with us, and the first one was slated for a visit to the Kansas State Fair, in progress that week, in the city of Hutchinson, some 50 or 60 miles away. This State Fair carries on for 8 days, Sunday to Sunday. To the dismay of those attending the first few days, it rained heavily and was unseasonably cold, so vehicles were stuck in the parking lots, events were rained out, and far less money flowed than anticipated.

Daily, The Wichita Eagle and the TV stations bemoaned the bedraggled condition of the grounds and the Fair-goers. But our day dawned fair and warm, and off we went, early on, with cameras and wide eyes. The Kansas State Fair is much like the Fair at Vermilion, with lots of animals and grains displayed, and a large assortment of fruits, vegetables and flowers, and crafts of every kind. We watched the light horse judging, entries from 4-H clubs, which was interesting, also the sheep. A large number of hogs were shown, trained to walk around almost like the horses. Another entertainment we watched, with many others, was a pig race.

Streets were lined with vendors of all sorts, balloons, food, T-shirts, flags, etc.. Camel rides vied with the midway. I was the only one brave enough in our group to try the ferris wheel, and ended up being the only person on it, too, but I had my ride. (Why should kids have all the fun?)

We walked and ate and looked and listened, bought a few gee-gaws, then listened to a free outdoor entertainment by a group called 'Ethel and the Shameless Hussies,' three singers, with two guitars, very good entertainment.

There were numerous rides and shows we did not go to, one called Ye

Bridge video

A 26-minute videotape program of the Elk Point Bridge opening on June 7, 1950, has been completed by the Elk Point Historical Society.

Also included is a postscript dealing with the dismantling of the old bridge soon after the completion of the new bridge.

A copy of this program will soon be donated to the Elk Point Library so patrons may borrow it. It will also appear on Elk Point's local cable channel soon.

Many thanks to individuals who provided information, photographs and ideas for the program.

Trip winners

All three October winners in the Lioness Trip of the Month Club were from out of town. British Columbia resident Sophia Crites (Gail Havener's mother) was the winner of the trip to Palm Springs, while Jane and Wally Trojanow of Spruce Grove (Dave Pilisko's sister) were the lucky winners of the \$100 cash draw and Lilian Lambert of Redwater (Ken As-till's sister) won the \$50 draw.

Tickets for the 1990 Trip of the Month Club are now on sale from Lioness members.

Olde Mille, a spooky ride through a tunnel in a tiny boat, which the owners told reporters contained 166,000 gallons of water. What do they do when the time comes to move? They pull the plug and down the drain it goes!

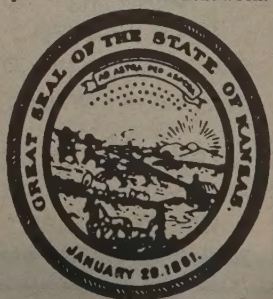

When our old feet got tired enough, we opted for home. The country around about is very flat, mostly farms, with sorghum predominating at that time. The wheat fields, for which Kansas is famous, had long since been harvested, the fields mostly worked, ready for fall seeding, but pools of water and deep tracks in muddy areas showed there would be a waiting period before the farmers were back on the land.

The roadsides were liberally decorated with wild sunflowers, tall plants up to 6 or 7 feet tall, the flowers 2 to 3 inches across, similar to our tuberous-rooted sunflowers. I also saw goldenrod, and a short bush loaded with pink flowers, looked like wild hyacinths.

A marked difference shows in the grain elevators, which are tall round white cylinders, of concrete, as many as 20 in a row, not like our Alberta wooden structures at all.

Kansas is fairly in the centre of the United States, with population of 2.5 million approximately. It joined in 1861, as the 34th state. The sunflower is their state flower, the meadowlark their state bird. They even have a tree-the cottonwood, although I didn't see so many of those. Truly a farming state, with wheat, sorghum, corn and hay as main crops, and lots of cattle roam the ranges, too.

I've heard there are native Indians there, but didn't see any, to my knowledge. Lots of Spanish-Mexicans. The land which is now Kansas, was bought from the Spanish in what is called 'The Louisiana Purchase' in 1803. We had much of Kansas yet to see-some of it next week.

Clandonald Fire Department
These four volunteer firefighters, Murray Molineux, Gerald McCormack, Daryl

Molineux and Fire Chief Ken Lawrence, are helped by other willing volunteers when the need arises.

Clandonald fire-fighters heed call

They are few in number, and their fire truck was made by hand, but Clandonald's Volunteer Fire Department is ready and willing to heed the call to emergency service.

When a call comes in and the fire siren on the side of KEL Service sounds, the four members are joined by other volunteers, 'whoever is in town and can help,' as they hurry to the heated garage, prop open the doors and climb aboard the GMC 1-ton, donning their slickers and helmets as they go.

Fire Chief Ken Lawrence says that Clandonald 'has been blessed with not too many fires,' with the last major blaze being the fire which destroyed the Clandonald Hotel in the early 1980s. 'Since then we've always saved things.' Fire hydrants throughout the

community supplement the large pump-equipped tank carried on the fire truck.

Clandonald got its fire truck in 1970, with funding assistance from the County of Vermilion River. Previous to that time, the firefighting volunteers had a pull-type unit with chemical extinguishers. The County also supplied four protective coats and helmets to be worn while fighting fires.

A training and practice session is held once or twice a year, to familiarize the volunteers with the equipment and to 'let everybody know how everything works,' Lawrence said.

Clandonald Fire Department not only looks after fire protection in the hamlet, they go out to rural fires as well. They have assisted the Vermilion Fire Department, whose area stops just north of Clandonald, a number of times, as well as fighting blazes on their own.

BIG FIRES START SMALL

KEEP MATCHES AND LIGHTERS IN THE RIGHT HANDS

Fires started by children are a leading cause of fire deaths and injuries in Alberta homes. Eighty per cent of fires started by children involve matches or lighters. Take fire safety precautions with young children - keep matches and lighters out of their reach.

With older children, guide them towards fire safe behavior and encourage participation in normal fire activities under adult supervision.

A message from Alberta Labour
Fire Prevention Branch and
your local fire department.

For
Hospital
Board
Member
Ward 2

Vote GEORGE SANDERS

Born in the old Elk Point Hospital
A farming family man in the Heinsburg area

For open minded community representation,
For a genuine interest and commitment to promoting health care and wellness for all ages,
For constructive debate to represent the community,
For Long Term benefit for OUR Hospital,
On October 16 Support
GEORGE SANDERS
WARD 2

John Williams
Seeks Re-Election
in the Elk Point
Municipal Hospital
District Ward 7

Which is in the town of Elk Point.

The hospital projects I have been involved in have been numerous and complicated and I list some of our accomplishments.

1. The Nursing Home project was first approved in April, 1986. The third stage, Block Schematics, is complete and awaits Government approval. Yet to be completed are the drawings and construction (2½ to 3 years).
2. A Handi-Van was purchased for the use of disabled and wheel-chair patients.
3. The hospital received a 3-year accreditation in 1987. Many thanks to the hospital staff for this accomplishment.
4. Additional funds were acquired for our 30-bed long-term facility.
5. Hospital ventilation upgrading was completed at a cost of \$365,800.
6. In 1987-88 the hospital budget was cut by 3%. However a balanced budget was maintained (slight surplus) with no cuts to staff and no bed closures.
7. In 1988 a long-term service award and a retirement policy was implemented for hospital staff (none existed before).
8. A code of conduct for board members was adopted by the board in June, 1989, revised, and unanimously approved in September 1989.
9. In spite of the 3% cut-back the Board spent about \$146,000 on new and modern equipment for the hospital.

I have the time, the experience, and the knowledge to carry on this work for the betterment of our community. Your support for my re-election will be very much appreciated.

JOHN WILLIAMS

DR. KEN PAPROSKI FOR SENATOR (INDEPENDENT)

Senators Should Represent All People and Not Political Parties

- Born, Raised and Educated in Edmonton, Alberta — Medical Doctor 33 Years
- Only Candidate with 11 Years MLA Experience
- Stop Goods & Services Tax — Reduce Waste • Stop Taxing Seniors Pensions

- The Candidate Who Agrees with the Triple "E" Senate Passed Unanimously by the Alberta Legislature

Authorized by Ken Paproski's Senate Election Committee

DAYLIGHT SAVINGS TIME ENDS
OCTOBER 29, 1989

Dewberry Fire Fighters

Dewberry's Volunteer Fire Department and includes Dale Hobbs, Don Elliott, Roland Dnnill, Jay Elliott and Jeff Nelson. is headed by Chief Headley Dennill (far right)

Dewberry volunteers protect village

Dewberry Fire Chief Headley Dennill reports a 'fairly quiet year,' and says that the community has been 'fairly fortunate,' with no major fires throughout most of the 30 year history of their volunteer fire department.

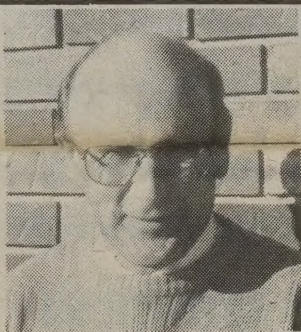

Things have been so quiet, in fact, that the group does not hold regularly scheduled practices. However, Dennill is trying to get a this organized, as he feels the sessions would help his crew prepare to deal with emergency situations.

Fire Prevention Week/Oct. 8-14

Dewberry's fire protection is restricted to the village limits. No rural fire protection is offered because 'nobody wanted to spend the money' and the county residents voted down a

plebiscite to purchase a county fire engine, although the village offered to house one if it were available, Dennill said, adding that the rural people 'only worry when there's a fire.'

Gordon Kuhn
Candidate for Division 2
COUNCILLOR

Gordon and his family moved to Elk Point in 1973. After managing the local building supply store for several years, he decided to go farming.

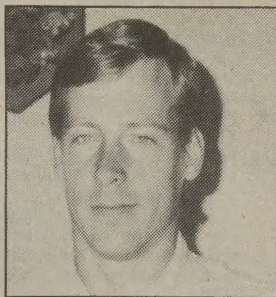

Gordon has gained valuable experience in decision-making and working with the public as a UFA delegate, church board chairman, and instructor for the government Conservation Education Program. In addition, Gordon has completed two Rural Leadership training seminars.

He has the qualifications and commitment to serve the people of Division 2.

**Exercise your right to vote.
Elect Gordon Kuhn on October 16.**

Submitted by the Committee to Elect Gordon Kuhn

I would like to ask for your support in the upcoming election of hospital board members. I feel I can represent Ward 3 actively:

- Have experience with multi-million dollar budgets in both private and public business sectors
- Have served on regional and provincial level organizations
- Experienced and capable to represent your hospital needs into the 1990's.

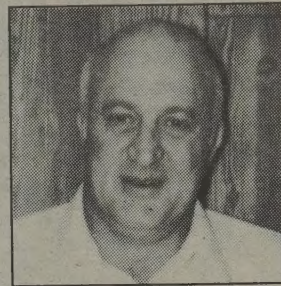

Vote

Doug Miller

Elk Point Hospital Board (Ward 3)

VOTE OREST CAPJACK

For Your Hospital Board
Ward 7 - Town of Elk Point

I feel I can contribute to your Board to insure the best comprehensive health care. This would include completion of the Nursing Home Project, working with the Hospital Administration & Staff and responding to the needs and concerns of all citizens for the highest standards. I believe my lifelong residence in the district and town, my past contributions in community volunteer work and my business training would qualify me to meet this important community challenge.

Alberta's Senate Election

October 16, 1989

Information For Alberta Voters

A Senatorial Election has never been held before in Alberta or Canada. The following information is being provided to answer some questions which you might have.

When is the Senate Election vote being held?

Alberta's Senate Election will take place on October 16 — the same day as the province-wide municipal elections. Hours of voting are 10:00 a.m. - 8:00 p.m.

Who can vote in the Senatorial Election?

You can vote in the Senate Election being held on October 16 if you are:

- 18 years of age or older;
- a Canadian citizen;
- a resident of Alberta for at least the last six months; and
- ordinarily live in the area where you wish to vote.

Where will I vote?

The vote for the Senate Election will be held at the same location as the municipal election being held in your area. The Returning Officer in your area will be publicizing the location of the voting stations prior to the Election.

Do I have to be enumerated?

No. Enumeration is not required for the Senatorial Election. When you go to your polling station, you will be asked to make a declaration that you are eligible to vote.

The area I live in isn't holding a municipal election. Can I still vote for a senatorial candidate?

Yes. An agreement between your area and a neighbouring area will have been reached to allow you to vote in the Senate Election. Election information will be published in your local papers — if you have not found out where to vote, contact your local Returning Officer.

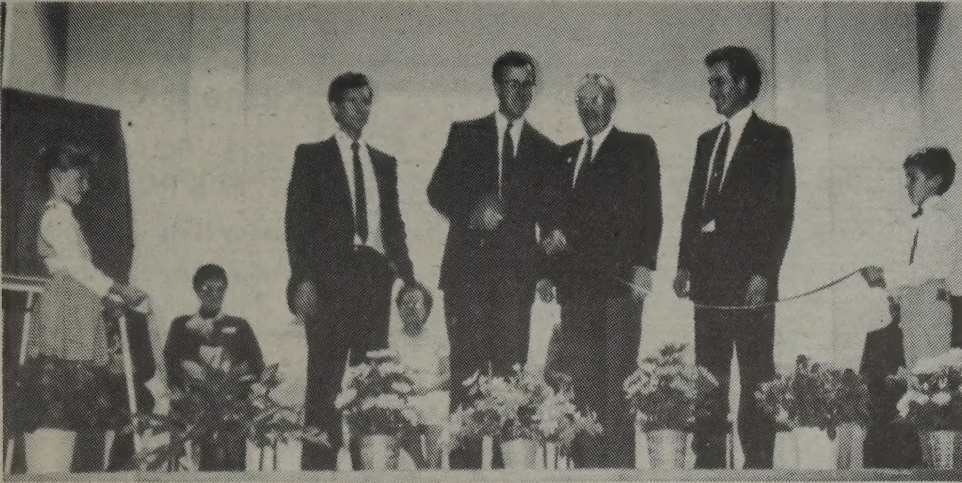

Will there be separate ballots for the Senate Election?

Yes. Separate Senate ballots will be distributed by the Chief Electoral Officer to each municipality. For the City of Edmonton, the Senate ballot will be part of its automated municipal ballot.

For further information, please check your newspaper for polling locations or contact your local Municipal Returning Officer.

This is a public service message from the Government of Alberta.

Alberta
GOVERNMENT OF ALBERTA

Dinning Opens School

The Hon. Jim Dinning, centre, snips the ceremonial ribbon to officially open the recently renovated and expanded Dewberry School, which has grown to serve the needs of the community.

Expanded Dewberry school opened

By Irene Magnusson

Friday, September 29, 1989, saw the Official Ceremonies performed before a good-size crowd in the auditorium of the newly renovated and expanded Dewberry School, in the town of Dewberry. A bright, sunshiny, golden autumn day for a bright new beginning.

Only, in the case of the Dewberry School, it was more of a continuation of a long-running growth in the facilities offered to the youth and their parents in the little Alberta town. When Master of Ceremonies, Mr. Richard Van Ee called for all to rise for O Canada, it was not the first time a school had opened in Dewberry.

Since January 20, 1930, almost 60 years, there has been a continuing and expanding effort to adequately house the pupils and supply educational facilities for them in Dewberry. Friday's ceremony marked the culmination of the latest effort.

Introductions were made following the Grades 7 and 8's offering of O Canada, with a sincere dedication prayer made by Father Stan Blaszkowski, pastor of the area. A lively and heartfelt number from Grades 3 and 4, complete with action, "I'm the Best That I Can Be," brought admiration and plenty of applause from the proud parents and other students.

Speeches and presentations of plaques followed, led off by the Hon. Jim Dinning, Minister of Education, who offered praise for those responsible for the bringing about of the handsome school building, and offered a plaque to School Principal, Lyle Fettes, to commemorate the day. All were urged to continue to "do their best".

Mr. Doug Cherry, MLA for Lloydminster, also offered a plaque and

pins for all students and teachers, stating that he was a proud member of the Vermilion River School Board, and that as "education is a very important part of our lives", it is a "terrific day today". He had praise, too, for Hon. Mr. Dinning, who "has done well for education in the year since he became Minister". In praising the teachers and students of country schools, he added, "there is no finer place to grow up, and get your education."

Words of congratulations and a wall plaque were presented by Mr. Mario Macchione, who had a very important hand in the construction of the renovations and additions to the school.

Words of congratulations and praise were offered by Principal Lyle Fettes, Mayor Gertrude Blacklock, Dewberry School Council, a School Trustee and the Superintendent, Mr. Terry Pearson. It was remarked, that while much of the school is new, "There is enough of the old school remaining in the structure to keep the old spirit alive."

There are a total of 125 students attending Dewberry School, in Grades 1 to 12. It was noted that a child spends 15,000 hours of his/her life in school - a good portion, and that it is desirable that this be a pleasant place to be. Certainly the "new" Dewberry School is a pleasant place to be, as those who toured through the school later learned.

More wall plaques were presented, including one from former teacher, Deborah Grey, now Beaver River M.P. The Grade 5 and 6 choir then performed "This School is Our School", a parody, of considerable merit, on "This Land is Our Land". The Hon. Jim Dinning then snipped the official ribbon, declaring the school officially open. "The Queen" was

saluted, the ceremony closing with a school tour and delicious 'baked offerings', with coffee, served in one of the new rooms.

The officials attending the Dewberry School Opening had a busy day, with visits through the day made to Kitscoty Elementary, Kitscoty Junior-Senior and the Marwayne Schools, before arriving in Dewberry. Ms. Alice Jones, Dewberry School Secretary, helped with the seating, and smooth flow of touring through the school - and probably a good deal more. Best Wishes to the 'new' Dewberry School.

COME JOIN THE FEW, THE PROUD FUN ADVENTURE ACHIEVEMENT

The Royal Canadian Sea Cadets No. 241 Arrowhead Parade every Wednesday evening from 7 p.m. to 9 p.m. at the St. Paul Legion Hall. All young people aged 12 - 18 are welcome. No registration fees. Uniform supplied. For more info. call:

Wayne Atkinson 645-2991 or John Yakimec 645-3005

For An Active
Hospital Board
Member

VOTE

Marvin Bjornstad

I would like to ask for your support in the upcoming vote for the hospital Board. If elected I would continue to:

- * Encourage the active recruitment of more doctors
- * Prepare for the medical needs of an aging population
- * Maintain the strong emphasis on good Quality Assurance within the Hospital
- * Listen to, and express to the Board, the concerns of the community.

I need your support to continue to work for the long-term benefit of your community hospital.

On Monday, October 16, take the time to vote

Bjornstad, Marvin

X

Ward 2

(East of Highway 41 including
Lindbergh and Heinsburg)

Why should Bert Brown be Canada's first elected Senator?

Because Bert Brown's sheer determination over the last seven years has given the people of Alberta the historical opportunity to elect the first Senator in Alberta and in Canada.

Because Bert Brown has a clear vision of the action he would take as Alberta's first elected Senator.

Because Bert Brown started this fight in his living room over seven years ago. He was angry about Federal indifference to agriculture and determined to do something about it. He's waged war for seven years and convinced seven provinces out of ten to commit to a Triple E Senate. The other three provinces, Ontario, Quebec and Nova Scotia, know he will keep on fighting until he has their support too.

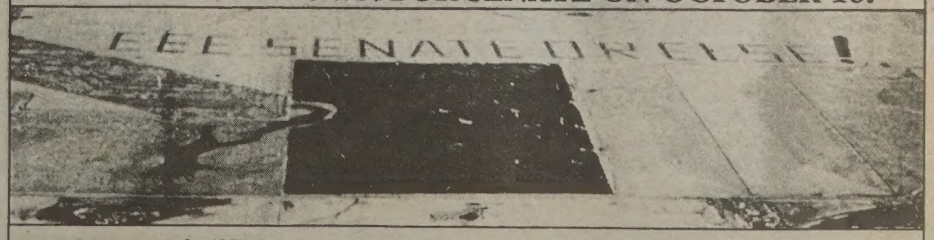

Because Bert Brown's track record proves he's the only man truly committed to an elected, equal & effective Senate. A Triple E Senate.

Bert Brown started
the fight for an elected Senate.
Let him finish it.

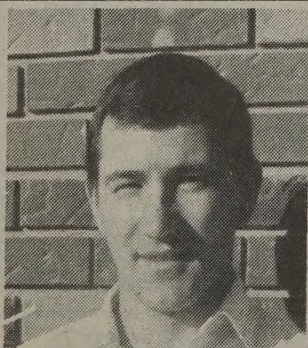

SPONSORED BY THE BERT BROWN
SENATE ELECTION COMMITTEE

VOTE BERT BROWN FOR SENATE ON OCTOBER 16.

In 1987, Bert Brown and his neighbors plowed his message into a field.

John N. Wozniak Jr.

Born in Elk Point and a Rural resident for 24 years. Graduated from the F.G. Miller High School of Elk Point and is successfully farming in a family farm operation.

If elected, I would be a strong voice and work hard as a representative for the position of Hospital Board Member for Ward No. 3.

What's news at the library?

Mothers! Halloween is just three weeks away, and it's time to start thinking of those Halloween costumes for the little ones. At the library there is a pattern exchange, one for one. In our pattern selection we do have some Halloween costumes for that special night. The library also has books on costumes.

The storytime Puppet Theatre last week featured the "Frog Prince". The princess and the prince were given a loud round of applause by the delighted children. Don't forget that storytime is 10:30 a.m. on Fridays. Come and meet your friends.

We now have some more videos processed and ready to be borrowed by library patrons. Here are some of the new titles you will find in our video display section: Cary Grant, Victor McLaglen and Douglas Fairbanks Jr.

star in this 1939 movie "Gunga Din" - they are three of his Majesty's jolly good soldiers in colonial India. An uprising by a marauding religious cult places the territory in danger .. and sets the stage for the gallantry and swash-buckling of George Stevens' teaming, unforgettable battle scenes.

"My Darling Clementine" - one of John Ford's finest and most exciting Westerns. This is a movie that offers visual fireworks to match the incredible performances of Henry Fonda as Wyatt Earp. See the shoot out at the O.K. Corral.

You must see the crazy antics of Lucy Ball in three episodes of her classical T.V. show, "I Love Lucy".

Laugh at Bob Hope, Bing Crosby and Dorothy Lamour in the "Road to Utopia".

Writers! Finally our subscription to

"Writer's Digest" is straightened out. We just received the June 1989 copy through to the October 1989 copy. Come in and pick them up.

Bible Fellowship Church

IN CLANDONALD

Services held every Sunday at 11:00 a.m.

Pastor Les (& Myrtle) Johnson
Everyone Welcome!!!

RECREATION AND PARKS

United Church women

By Irene Miller

The October meeting of the Elk Point United Church Women was held on Wednesday, October 4th at 2:00 p.m. Muriel Holthe and Ivy Dunlap were hostesses. The Devotional, based on Psalm 100, was led by the hostesses.

Correspondence included a very interesting update from the Kenton Brunner family who are in Gabon, with Africa Evangelical Fellowship. It was entitled "Progress At The Equator".

The Treasurer's Report showed that our Rummage Store has been doing well. There are two more sales to be held - October 6 and October 20 - then the store will be closed for the winter months. There is a good assortment of articles on hand for sale at the present time.

Roll call was answered by the ladies, who each gave a donation of money to our Mission Fund. The money collected at the June meeting

was sent to Bissel Centre, to help a child from the Inner City go to Moonlight Bay Camp.

Eyeglasses and lenses are still being collected. If anyone who reads this has glasses at home which are not being used, please drop them off at the church. They are sent to Edmonton, where the lenses are re-ground and used for people who need them and are unable to pay for them.

Our Christmas Tea, Bake Sale and Bazaar will be held on Saturday, November 25. We hope that all the ladies of the congregation will prepare articles for the event.

The Acting President, Edith Mitchell told the ladies about the Encouragement and Renewal Weekend to be held at the Elk Point United Church, November 3, 4 & 5. Guest for the weekend will be Maxine Hancock of Dewberry, renowned author and speaker.

Heritage Books have arrived and will be available at the Bazaar - they make excellent Christmas gifts.

The November meeting will be held on November 1st, with Grace Barwick and Lena Stepa as hostesses.

EVEN THE MOST ORIGINAL MASTERPIECE
COSTS LESS THAN 5¢

ELECTRICITY: AN OUTRAGEOUSLY GOOD BARGAIN!

If you set out to wow the world with the world's most wow hairdo, don't worry. No matter how long it takes you, it'll only cost pennies to create.

You can operate a blow dryer for just six cents an hour, a curling iron for less than a cent an hour.

And, when it comes to looks, look at these bargains: a 275-watt sunlamp runs for under two cents an hour, a 1100-watt clothes iron for about six cents, and a 6,000-watt clothes dryer for about 35 cents an hour.

In a day and age when the cost of just about everything seems so high, electricity is still a great bargain.
